Superior Car Parts Inc welcomes VMCCA to its Indiana manufacturing plant

August 2011 . . . Superior Car Parts Inc welcomed the Veteran Motor Car Club of America (VMCCA) to its Indiana manufacturing shop July 7 as part of its Indiana One and Two Cylinder Tour July 4-9. The club's purpose is "to encourage preservation, restoration, and the use of antique and historically significant automobiles." It is not a military club—the veterans are the cars! According to the club's website, the club specializes in touring events, driving their cars to interesting places and meeting new people and visiting old friends along the way. "We have fun while everyone gets to see and *hear* and enjoy old cars driving on the highway." Check out the Superior Car Parts Inc video on Facebook or YouTube to see and *hear* the old cars. Plus check out the VMCCA website for more information and upcoming tours. <http://www.vmcca.org/>

More pictures and a video of the turn-of-the-century cars are available at www.facebook.com/Superiorcarpartsinc, and Superior's YouTube site.

The club members toured the Superior facilities and learned how convertible top irons are made. After their Superior visit, they headed to the Wabash and Eric Canal for lunch and another tour.

Tell us your story

If you would like your vehicle to appear in our newsletter, please email us a photo and brief description. We love to showcase your cars. Enjoy the drive!
