

SCPI introduces Folding Top at 40th Annual NSRA Street Rod Nationals

Superior Car Parts Inc introduced its new custom-made 3" chopped **Folding Top** for a 1932 Ford Roadster at the 40th Annual NSRA Street Rod Nationals show at the Kentucky Exposition Center in Louisville, KY, August 6-9.

On display at the SCPI booth was Wyoming owner Dr. Geoff Skene's original 1932 Ford Roadster with the custom-made 3" chopped **Folding Top** with 3" chopped stanchion posts designed and handcrafted by SCPI design and development head Ron Grace.

Ron has perfected a **Folding Top** providing the "roadster look" rodders want with foldability. This top allows the rodder to enjoy the ride regardless of the weather. When the sun shines, put it down and drive. When the rain falls, put it up and drive on. The top rests completely behind the door opening. An option with the top is a back compression bow, which allows the back bow to seal against the body of the roadster with the look of snaps but without having to drill the body. The full-functioning top can be removed at the mounting brackets located just behind the door jamb.

Stacey David, GEARZ TV, was digging on Dr. Geoff Skene's 32 Ford Roadster with SCPI new custom-made 3" chopped **Folding Top** with 3" stanchion posts.

The custom-made **Folding Top** will be featured on an upcoming episode of the SPEED Channel's GEARZ TV show, hosted by Stacey David. Stacey visited Superior's booth at NSRA Louisville and spotted Dr. Skene's 32 Ford Roadster with the 3" chopped **Folding Top**. Stacey asked Superior Car Parts Inc to produce a custom 3" chopped **Folding Top** for the all-metal 1932 Roadster Body by Brookville currently used on Stacey's TV show, GEARZ. "Your top is awesome! I am looking forward to including it" in the show, Stacey commented in an email to SCPI. Watch for upcoming information about the Superior Car Parts Inc Folding Top and the GEARZ TV show on the SCPI website.

You want to talk neat old stuff? Ask SCPI design and development head Ron Grace and production head Tim McGinnis about SCPI. Here they check out a 1932 Cabriolet in Louisville.

Enjoy the ride!
