

SUPERIOR CAR PARTS & MOTOR CAR CO.

"FORMERLY ANTIQUE CAR PARTS BY GIRTZ"

Volume 1, Number 2

May 2009

Meet Ron Grace

Ron Grace heads the design and development department at Superior Car Parts. A mechanic since 17, Grace brings 21 years of handcrafting antique car parts to Superior.

"The best thing about my job is taking a piece of raw steel and turning it into a beautiful Top Iron. I know it's going to go on someone's car, and it's going to look beautiful. That's what gets me going," Grace said recently.

Grace uses the specific skills of an engineer, mechanic, machinist, welder, and quality control to handcraft beautiful car parts for open-body styles of early Fords from 1928-39. He has engineered two-inch chop versions for each top as well. Superior Car Parts also builds duplicates of original fender braces for early model Fords.

Grace enjoys the challenges that go with constructing a Top Iron and designing a new top for a customer. "I like to try new ideas, making sure they will work." Grace says he's very open-minded to a customer's wishes. All car parts handcrafted at Superior are made specifically for each customer. And if there is a design flaw, he wants to know about it—he likes to make it right.

"I'm dependable for our customers. I want them to feel they can call me if they have a question, and I will help them to the best of my ability." Grace said.

Come see us at M.A.R.C. National Meet

***June 21-26, 2009
Model A Restorers
Club, Merrillville, IN***

Merrillville, Indiana, is an ideal place to host a Model A meet. A town of 30,000 with major amenities when you need them but the ability to get in a Model A and be out on back-country roads in 15 minutes. The week is full of good times and good fun with old friends and ones you have yet to meet. There are plenty of self-guided tours to various destinations that will meet everyone's interests. For those interested, Chicago is never more than an hour away. Superior Car Parts Company will have a booth at the M.A.R.C. National Meet. We look forward to seeing you there. Enjoy the ride.
